

Our participating business owners explored the principles of sound financial management, last Saturday, at the Scotiabank Vision Achievers Business Training Programme.

Our candidates examined their own business figures to determine how to make more informed decisions. The group delved into profit & loss statements, studied balance sheets and learned how to grow their profit margins by discovering the importance of cash flow forecasting.

Most significantly our vision achievers were presented with the tools necessary in order to budget for profit, as well as, to calculate their break-even point and cash gap.

With just two weeks left the time is getting closer for one of our participants to emerge as the top candidate and winner of the \$25,000 cash prize.

Log on to our Scotiabank Trinidad and Tobago Facebook page for further updates on our Vision Achiever Business Training Programme.

Centre: Kenyon Champion - owner of Road Trip TT shares a joke with Keegan Simon – owner of 1 Individual Aesthetic, during last Saturday's session.

Bottom right: Krystel Maharaj - Marketing Manager, Caribbean South – Scotiabank, clarifies the grading criteria to this year's candidates.

Top right: Steve Singh – co-owner of The Superhero Store participates in the engaging discussion on managing finances.

Top left: Christopher Culpepper, owner of Culpepper Concepts receives one-on-one advice from this year's coach, Indira Couch of Action Coach TT
